

## Abdul Hanan

Software Engineer & Designer

📍 Based in Lahore, Punjab, Pakistan.

### Professional Profile

A software engineer and designer with expertise in web design, development, and cross-platform app creation. Experienced in crafting user-friendly interfaces and building functional, responsive applications.

### Work Experience

#### Lead Designer & Art Director

Gifther.pk • Full Time

📅 Nov 2023 - Mar 2024

📍 Lahore, Punjab, Pakistan

Managed the company website and took charge of all design-related aspects of the business, including developing a cohesive brand identity, creating visually appealing packaging designs, and designing engaging social media content to enhance the company's online presence.

#### Developer & Designer

Freelance • Part Time

📅 2019 - Present

📍 Remote

Over the years, I have worked as a freelance designer and developer, creating a wide range of projects for businesses and individuals. My work has included designing logos, developing websites, and building custom management systems and internal tools etc. I focused on delivering practical, user-friendly solutions tailored to meet each client's unique requirements while maintaining high standards of quality and professionalism.
